Description

The Mosa Magic Weld 200 petrol welder generator is the latest addition to the best selling Mosa Magic Weld Welder Generator series.

The Magic Weld 200 is extremely portable and ideal for site work repairs and maintenance. The Magic Weld 200 offers additional welding output compared to the 150 model, offering 200 amps @ 60% duty cycle for welding electrodes up to 4mm.

Features

- DC Welding Output
- Patented Digital Welding Control
- Chopper Welding Technology
- Welder Generator Output - 1.6 kW 110V AC
- Overload Protection
- HONDA GX270 Petrol Engine c/w Oil Alert
- Patented Auto Idle
- 4mm Welding Electrode Capacity
- Weight - 57 Kg
- EEC Noise Compliant

Specification

Field	Detail
Model Code	35.22251
Rated Kilo watts	1.5 kw (AC Output)
Welding Current Output	200A @ 60%
Open Circuit Voltage	40 - 70 V
Electrode Diameters	2 - 4mm
AC Generation Single Phase	Single Phase, 1.5 kW AC, 110V
Phase	Single Phase
Engine Type	Honda GX 270 4 Stroke
Fuel	Fuel
Engine Output	6.0 kW (8 HP)
Engine Speed	3600 rpm
Displacement Cylinders	
Fuel Consumption	2 L/hour
Fuel Tank Capacity	5.3 Litres
start	Recoil
Running Time	3.3 Hours
Protection	IP23
Noise level dB(A)	74 dBa
Noise Level LWA	99 Lwa
Dimensions (mm)	61 x 49 x 52 cm
Weight (Kgs)	57
