Description

The professional Alleycat DC petrol range of welding generators has been designed to provide mobile welding and AC power solution. The DC welding output allows the use of specialist electrodes for ferrous and non-ferrous metals. All Alleycats have auxiliary power outputs for use as a stand alone generator.

Features

- 14 switched welding power outputs
- Splash fed lubrication system
- Heavy-duty alternator for consistent, maintenance free operation
- Dual element air filter
- Turbo fan cooled & thermal overload supplied as standard
- High capacity fuel tank (7.9 litres)
- Powered by HONDA - 2 year engine warranty
- Built & Tested by SIP in the UK

Specification

Field	Detail
Model Code	25172
KVA	4
Voltage	230v / 115v
Current Range (Continuous)	50 to 200amp DC
Open Circuit Voltage	75v
Duty Cycle	170amp @ 60%
Electrode Diameters	1.6 to 5mm
Engine Type	Honda GX390 13hp
Fuel Tank Capacity	6.9 Ltrs
start	Electric
Running Time	2.4hours
Protection	IP21
Dimensions (mm)	670x580x1060
Weight (Kgs)	98

Carriage Free UK Mainland.
