Description

The professional Alleycat DC petrol range of welding generators has been designed to provide mobile welding and AC power solution. The DC welding output allows the use of specialist electrodes for ferrous and non-ferrous metals. All Alleycats have auxiliary power outputs for use as a stand alone generator.

Features

- Quad Clean heavy duty cyclonic air cleaner - cyclonic motion forces large particles of contaminants out of the engine
- Designed in the USA
- Full frame wheel mounted design
- Powered by Kohler - 3 year engine warranty
- Built & Tested by SIP in the UK

Specification

Field	Detail
Model Code	25171
KVA	4
Voltage	230v / 115v
Current Range (Continuous)	50 to 200amp DC
Open Circuit Voltage	75v
Duty Cycle	170amp @ 60%
Electrode Diameters	1.6 to 5mm
Engine Type	Kohler 14hp OHV
Fuel Tank Capacity	7.3 Ltrs
start	Electric
Running Time	2.8hours
Protection	IP21
Dimensions (mm)	670x580x1060
Weight (Kgs)	91

Carriage Free UK Mainland.
